Title: BuffLife

Who: Jesse Bird, Josh Jenkins, Kyle Knight, Daniel Yedidovich

Project Tracker: https://trello.com/b/s9JNdOVZ/bufflife

Video: https://youtu.be/c4IVLa1Ykcg

VCS: https://github.com/birdman7010/BuffLifeV3
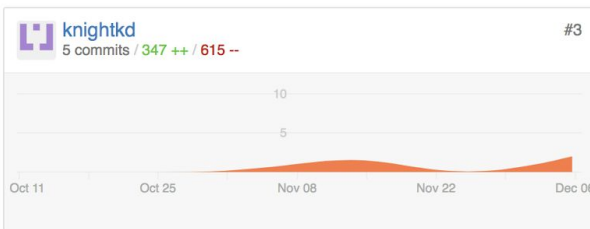

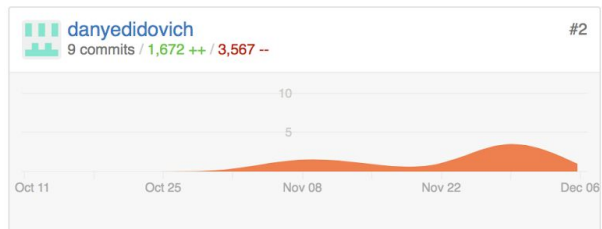

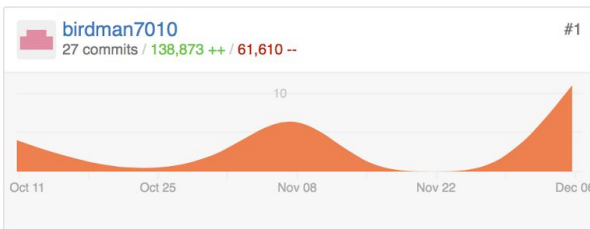

Uploads: *3rd version in github Also we employed pair programming for most of the work due to github commit issues. (All group members had commits prior to this version)*

Deployment: Either Run on the android studio emulator, download to your own android or, in theory, would be downloadable from app store *did not want any security issues with CU login info*. More specific information on running included within README.md file.
